Make it known, make it better.

Every NDIS participant has the right to safe and quality NDIS supports and services from the providers and workers they choose to support them. If you have a concern or complaint, please raise it. Because when you make it known, you make it better.

NDIS Quality
and Safeguards
Commission

Make it known, make it better

This is the NDIS awareness campaign on raising a concern or a complaint.

NDIS participants have the right to be safe and to receive quality services from the providers and workers they choose to support them under the NDIS. Raising a concern or complaint is important.

The NDIS have now developed a series of videos and posters to empower people with a disability, or their support networks, to raise a concern or complaint if they are not happy with the quality or safety of the NDIS supports or services.

When a concern or complaint is raised it helps NDIS providers, and workers understand what is important to people with a disability, improves the quality of services and helps make the NDIS be better for everyone.

If a complaint raises serious compliance issues the NDIS Commission, it has the power to take action. You may seek support from family, a friend, or an independent advocate in raising your concern or complaint.

We have put posters around at our Notting Hill and Hallam sites to help inform, educate, and remind participants on their rights as a NDIS participant.

You can learn more at www.ndiscommission.gov.au/complaints

NDIS NEWS

HAVE YOU HAD A NDIS PLAN REASSESSMENT RECENTLY?

What is a NDIS plan reassessment?

Every NDIS plan includes a 'reassessment date'. We need to look at the plan with you by this date and decide if any changes are needed. If a plan reaches its reassessment date before the reassessment is completed, the current plan will be varied to extend it by 12 months so you can continue accessing supports.

Please remember to inform the Waverley Social Enterprises NDIS team or your HR Support Officer of your new plan, including the new start date once your reassessment or review has happened.

A new service agreement will then be given out to you for signing.

Informing Waverley Social Enterprises when you have a new plan, or any changes are made to an existing plan, is an important part of your employment with Waverley Social Enterprises.

Speak to your HR Support Officer or the NDIS Team

Have you signed up for our NDIS News & updates ?

Cam who works in Group 6 at Notting Hill has so far clocked up 35 years of Service at Waverley!

Cam is an ardent collector of memorabilia for Holden; Collingwood Football Club; and music particularly country & western and pop.

His collection of music has given him inspiration for art! (His sister Louise who is an artist of some repute suggested to him to go to Arts Project Australia)

He attends one day each week in Northcote, together with other people with intellectual disability who have an interest in various forms of art. Cam's bio taken from Arts Project website reads:

"Cam's works depict colourful lyrics, names of artists and bands floating and falling across the page. Often around two brightly coloured records, the artworks give the impression the viewer has a birds-eye view of an active mixing deck. Cam has worked at Arts Project Australia since 2016 and has exhibited in Arts Project Australia's annual group exhibitions. His work is held in private collections."

He recently exhibited in an exhibition held at Collingwood Yards (where else for Cam!), selling several paintings. Some pictures of his works are shown here.

Cam has been selected to show some of his work at the "Spring 1883 Art Fair" 9th-12th August at The Hotel Windsor in the CBD, where 28 leading Australasian contemporary galleries combine. Fame may be just around the corner!!

Cam doesn't do much talking – so we are telling his story!

Note on Arts Project Australia

Artists can attend from one to five days per week. There are fees but NDIS provides funding for some attendees through their package. Arts Project is a not-for-profit social enterprise.

On Thursday the 6th of April, **FYNA**, one of Hallam's biggest customers over the last couple of years visited our Hallam site to have an Easter egg competition.

Luke and Loretta decided to come over and have a guessing game for us and we had to guess how many Wizz fizz easter eggs are in the jar . We chose a number between 150 and 300.

The lucky winner was **Andrew Sanbar** who guessed the right number, 283 wizz fizz easter eggs.

The smile on Andrew's face says it all. He was extremely happy.

Fyna also donated easter eggs and Xmas stockings for all our employees at Notting Hill and Hallam.

Thank you Luke, Loretta and the team at Fyna for your ongoing support and donations to our Waverley Family.

ARE WE FAMOUS YET

What are Nick & Caroline up to?

Are they YouTube Stars? Do they make Tik Tok videos in their spare time?

No, they & the Waverley Catering Team were recently asked by Icon Construction to participate in their making of a series of short videos about the impact Icon & Social Procurement has on Social Enterprises like Waverley.

Our ongoing partnership sees Waverley Catering consistently being booked to deliver to Icon Head Office & their major projects across Melbourne.

Our employees not only prepare and make their orders but also go out on deliveries to the sites. Going to big construction sites can be exciting to see buildings being built and watching them develop over time.

We will be excited to see the final result & are proud we were asked to talk about Waverley & how working with big business like Icon provides more opportunities to expand our kitchen.
