Supporting you beyond the workplace.

The NDIA now has a new system that will eventually replace the current Myplace Provider Portal, called PACE. It will be used to:

- View participant plan details.
- Manage funds, and
- Pay providers for supports delivered across Australia.

Agency Managed Participants

If you're an agency-managed participant, you will need to endorse Waverley as a "My Provider" on PACE.

To do this you need to provide your NDIS Planner with Waverley's registration number which is: **4050005348** with one of the options below:

1. Calling NDIA on 1800 800 110.
2. Speaking to your LAC or Support Coordinator.
3. Your next plan review meeting.

Self Managed and Plan Managed Participants

If your plan is self-managed or plan managed, all claims and payments will continue to work as they do now through Myplace Provider portal.

You will transition to PACE when you receive your new plan.

WAVERLEY VOLUNTEERS

Thank you, Naomi!

Naomi Chan (Andrew Chan mum) had her last day volunteering with us recently. Naomi completed 100 hours work placement hours for Diploma of Community Services. Thank you Naomi, Group 2 is going to miss you.

We hope to see you again soon.

Monash Volunteers Expo.

Frances, Angela and Claire (pictured) were proud to represent Waverley Social Enterprises at the Monash Volunteers Expo recently. Thanks to the delicious food provided by our Catering team, it was great to chat to many local residents about the benefits of volunteering with us.

Mural Marvel

At our Notting Hill site, Alan, a proud parent of Nelson in Group Two has been devoting his time to create a magical mural in our Assembly area. His own creation, and a constant work in progress, the mural aims to represent each employee at Waverley Social Enterprises. We love seeing each piece coming together, how it showcases our Waverley family and the work we do!

WAVERLEY

VOLUNTEERS

Volunteering with purpose

Our teams have been proud to show our Corporate Volunteers the work they have been doing, but share their stories and experiences too. Oh, and not to forget the crowd favourite, dancing the Nutbush with our employees!

Here's what one of our Corporate volunteers had to say about their Waverley Experience.

"We had so much fun and satisfaction. Not just doing some work but meeting and talking to the group, seeing and hearing what you do and feeling how passionate you are with what you do."

WAVERLEY ACHIEVERS

Showcasing our new skills.

Technical drilling skills.

Ari has been proudly on the tools, applying his newly acquired precise drilling skills on every bottle cap for a clients, achieving flawless results. A big job that requires intense focus as when the wires are threaded through, a crimping tool is used to ensure the wires are tight and secure on every single bottle.

Keep up the great work, Ari!

Perfection in progress.

Colin has been learning a new skill - quality checking and putting lipsticks safely through the Heat Tunnel.

This is an important job so that when the lipsticks are displayed in the stores, they stay together in the one pack.

Great to see you checking every single one, Colin!

Sporting new skills.

Meanwhile, Lauren, who works in packaging, recently got an opportunity to work in Assembly, working on Amer Sports and was featured in one of our LinkedIn posts.

She learnt how to inflate these for the first time recently and was thrilled to learn a new skill under the guidance of her team leader.

Talk to your Training and Support Officer about learning new skills in 2024!

WAVERLEY ACHIEVERS

Lachie's learning moments.

Lachie (right) joined us in January 2023 and has been learning new technical skills in our packaging area here at Waverley. It's great to see him not only developing these skills, but working collaboratively with his team so that the job gets done for our packaging clients.

Meanwhile, Angelo, Tu and Lachlan were praised for their work with the Tape Gun under supervisor Wendy Green's guidance.

As they say, team work makes the dream work!

Operation New Start Students shine!

Operation Newstart Casey provides personal development programs for young people considered 'at risk' of disengaging from education. They volunteer at Waverley as part of their community engagement, and we have hosted several groups over the years.

Recently we had four students who worked along with our employees in Group 3 and 4. They are pictured with their certificates and some of our employees.

We hope you enjoyed your Waverley experience!

WAVERLEY ACHIEVERS

Bowling and Bocce brilliance!

Damian, aka DC Hot Wheels as he's known, has been bowling every Saturday. Every Monday, he comes and tells Srdjan and Deborah, (his Training and Support Officers) his scores from the weekend, and they have always been super impressed. In fact, Srdj has branded him as 'a true champ'.

Keep bowling those strikes, DC Hot Wheels!

Meanwhile, Andrew and Vicki have recently come back from Germany. Andrew achieved two bronze medals and a 4th place ribbon in Bocce. Vicki achieved one silver, one bronze and a 4th place in Bocce. They also competed in the State games just a few days after returning from Germany and won more medals.

And, the three musketeers, Vicky, Andrew and Heather bowled in the special Olympic regional games recently. Congratulations on placing 4th, 5th and 6th, a fantastic effort.

They're proudly pictured below with their medals and ribbons.

WAVERLEY ACHIEVERS

Jess's joyful moments!

Jess, Hallam Group 3, has two hobbies; photography and basketball. So, imagine her surprise when she was watching Channel 7's weather bulletin and saw the photo she took of the MCG featured on the news. Jess tells us she enjoys taking photos of nature, streetscapes and weather.

She also recently participated in a Special Olympics basketball tournament, representing the Dandenong Casey Titians in B Grade and finishing 4th.

Great photos Jess, your Waverley family are so excited for you!

Lan - our brilliant blood donor!

Lan has been donating blood for the last 27 years. And, earlier this year she achieved a major milestone - **100 blood donations!**

"I was working with Kraft, now called Mondelez. The company encouraged us to donate blood during work hours. Two years after I donated blood, my sister had an emergency and needed 7 units of blood. Since then, I am more determined to keep the tradition going, because you never know if one of the persons getting this blood could be one of your family."

Find out more about donating blood: visit donateblood.com.au or call 131 495.

WAVERLEY ACHIEVERS

Congratulations to the happy couple!

A special Waverley congratulations to Paul Boughton with his Fiancé Amabel (pictured).

They got engaged in December last year, and recently celebrated with family and friends.

They plan to marry in 2024. Wishing them both all the happiness and can't wait to see photos of the happy day!

Smiling makes you run, faster!

Our new Marketing Specialist, Claire, is a runner. This year, she's run nearly 700kms in total - that's nearly from Melbourne to Sydney! Our team have been cheering Claire on from the sidelines by wishing her good luck in all three events she's run recently - Sydney, Melbourne and a team relay. The team were thrilled to sign her warm up top the day before her biggest run of the year, the Melbourne Half Marathon, which was **21.2** kilometres! She achieved a personal best time on the day to a roaring crowd at the MCG (Melbourne Cricket Ground).

Claire says, "It's been inspiring, humbling and such a beautiful feeling knowing that I had the Waverley family behind me, literally every step of the way. Your positive and excited vibes helped me run happy the whole way for 2 and a half hours. You all made this event a very special memory that will live with me forever!"
